

ROOFING CONSTRUCTION CAPABILITY STATEMENT

CAGE- 92YB2
UNIQUE ENTITY ID- TDF9DCQOU3L6

Mission Statement: Our focus is to provide clear and concise solutions for any roofing project through efficient, timely and cost-effective workmanship for all government entities.

COMPANY OVERVIEW

The Roof Clinic is headquartered in Sugar Hill, GA. We are a woman owned, minority small business and have been serving the state of Georgia since 2014 by providing thorough roof evaluations and consistent quality installation and/or repairs.

We are a prime roofing contractor holding over 20 years of roofing construction expertise. Through continuing field education, we are constantly training to stay abreast to repair and installation procedures. As things change, we re-strategize to ensure our projects maintain budget and excellent service standards.

Our team of experienced contract managers work diligently with our government clients to ensure thorough communication and efficient project management where all performance metrics are met.

PAST PERFORMANCE

TPO Roof Re-Install

Peyton Village Condo. Ass. – Atl.
\$303k/ FY 2018-2024

The Roof Clinic was responsible for a full roof re-installation – 7 phase project. There was demolition of the membrane and asphalt shingles on the mansard walls. Decking required replacement due to long-term leaks. A 60 mil TPO roofing system was mechanically attached to 150,000 sq ft within the complex.

TPO Roof Re-Install

Gwinnett Crossing – Snellville, GA
\$410K/ FY 2023

The Roof Clinic was responsible for a full roof re-installation. The roof was a total loss due to storm damage. We completed demolition of the membrane. A 60 mil TPO roofing system and new ISO board to the 20,000 sq ft plaza were mechanically attached.

Mod-Bit Re-Install

Glenwood Plaza – Decatur, GA
\$375K/ FY 2023 - 2024

The Roof Clinic was responsible for a full roof re-installation due to water leaks from repeated hail damage. There was demolition of the membrane. A self-adhered modified bitumen roofing system was installed to a 17,560 sq ft building envelope.

DEDICATED TEAM

When you work with The Roof Clinic, you are working with a team that is dedicated to completing all contractual objectives within the scope of work.

The Roof Clinic will immediately assign a project manager as the direct point of contact for each project and there are scheduled supervisory staff debriefs to ensure project efficiency within our team. Regular feedback from us to the Contracting Officer and COR are customary to ensure constant communication.
